Beverage and Bar Service

If Amherst College is providing all the food for your event, the price of the bar set-up and labor is figured into the price of the beverages served at your event.

In the event that your group provides alcoholic beverages for their own function, bartenders/wine servers will be billed out by Dining Services at the rate of $15.00 per hour.

Charges for Bar Service tend to fluctuate with the quantity and quality of beverages being served. The duration of the event also needs to be considered.

Amherst College Dining Services carries a full range of domestic and imported beers, wines, liquors, cordials and soft drinks.

* A one day liquor license for cash bars needs to be obtained from the Town of Amherst. Please consult your Catering Contact for more information.*
