APPLICATION FOR PASS/FAIL OPTION

Submit this form if you wish to receive a “P” for pass or “F” for fail as an alternative grade for a class. Amherst College students may choose, with the permission of the instructor, a pass/fail arrangement in no more than one course in any one semester. The choice of a **pass/fail alternative must be submitted by the first day of the exam period**, and must also have the approval of the student’s advisor(s). **No changes can be made to the grading option after the first day of the exam period.** No grade-point equivalent will be assigned to a “pass,” but courses taken on this basis will receive either a “P” or an “F” from the instructor, although the instructor of the course may grade coursework using other grading options.
