How to Find Your Primary Care Provider’s ID Number

Instructions for Using Our Find a Doctor & Estimate Costs Tool

If your plan requires you to choose a primary care provider (PCP), you’ll need to enter your PCP’s ID number on your enrollment form. You can find this number in your plan’s provider directory, or by following these steps:

1. Go to MyBlue at myblue.bluecrossma.com. You may create or sign in to your personalized MyBlue account, or continue without signing in.

2. Click Find a Doctor & Estimate Costs.

3. Enter your doctor’s name, and your location. Select Search to bring up your doctor’s profile page. When you sign in to MyBlue, your network information will appear. Otherwise, members with an HMO plan or Blue Choice should select HMO Blue as the network.
4. If you don't have a PCP, you can search for one by entering Primary Care in the Specialty field. You can then sort based on location, ratings, languages spoken, or other attributes listed along the left-hand side of the page.

5. To find details about a provider, click the provider's name. Clicking on Provider Details will show the Identifiers, including the PCP's ID number.
