**PROFILE CHECKLIST**

Students with complete and public profiles are viewed by employers three times more frequently. Here are some guidelines and tips to make your Handshake profile stand out!

**NAME & PHOTO**
- Some information, such as your name, will be completed for you. Check to make sure everything is correct.

  **TIP:** Profiles are 7 times more likely to be viewed when there is a photo. Your photo should be current, professional, and simple (no busy backgrounds, filters, or other people in the photo).

**EDUCATION**
- List all schools you have attended, including ones you transferred from and ones attended while studying abroad.
- Your GPA should be calculated on a 4.0 scale.

  **TIP:** We strongly recommend adding your GPA (4.0 scale). Once added, you can decide whether or not to make it viewable or hidden. When applying for jobs in Handshake that list minimum GPA requirements, excluding GPA from your profile translates to a 0.0 and thus may prevent you from appearing as a top candidate.

**WORK EXPERIENCE**
- Use bulleted statements for maximum effect and begin each description statement with an action verb (advanced, managed, taught).

  **TIP:** It is a good idea to organize experiences in reverse chronological order, similar to how you would on a resume.
**ORGANIZATIONS / EXTRACURRICULARS**

- Be sure to include volunteer work and/or organization and club involvement. This shows employers how active you are in your community.

  **TIP:** Remember, employers do not know what organizations such as AC Voice are, so be sure to clarify that and your specific involvement in the description.

**COURSES & PROJECTS**

- Add special projects such as hackathons, case competitions, portfolios, or websites you have built to showcase work outside the classroom.

  **TIP:** Employers recruiting at Amherst know the value of a liberal arts education, but it is still important to list courses that help prepare you for certain industries.

**BIO, SKILLS, & SOCIAL LINKS**

- Write a few sentences about yourself so employers can get to know you and what kind of position you are seeking.

- It is most important that you complete the skills section of your profile. It is easy to do; either type in a skill or select some of the suggested skills. Add language skills, technical skills, and any certifications you have.

- Only include professional and appropriate social content. Employers may ask about an Instagram post you’ve shared in your interview. If it is public, be prepared to talk about it.

  **TIP:** Employers can search for candidates by skills. If you make your profile public, employers may contact you if you match a skill they are looking for.

**PUBLIC VS. PRIVATE**

When completing your profile, you can choose whether or not to make your profile public to employers. Employers approved by Amherst College can search public profiles and contact students. You can change your profile visibility settings at any time through your User Dashboard.
