Williams 10)! Interterm. James and Stearns.
Last Ed Wall class. All-night conversations.
Roast beef au jus night at Valentine.
Traying down Memorial Hill.

Amherst is an extraordinary institution in large part because of the alumni who have supported the College from its earliest days. Our 25th Reunion is a defining moment, both for our class and for the institution that brought us together for the first time in the fall of 1982. Now is our time to support the College as those who came before us supported us.

Reunion
May 25-29,
2011

Since its founding, Amherst has invested in students based on their potential, not on their ability to pay. Exceptional Amherst students, coupled with faculty who are not only excellent teachers but innovative scholars, help to create a community that remains as vibrant as it was when we were on campus 25 years ago.

Consider the impact of Amherst College on your life. Now imagine the effect you could have on the experience of Amherst students today. Your leadership gift in honor of our 25th Reunion is a powerful way for you to be involved in the life of the College and to honor your Amherst experience and education.

You could make a one-time leadership gift to the Annual Fund, make a five-year pledge, or designate your gift to more than one area. There are many opportunities to direct your support in a way that is consistent with your values and the needs and mission of the College. Please contact Marian Kent, Director of 25th Reunion Giving, at 413-542-8244 or mkent@amherst.edu for more information.
