Amherst College Environmental Studies Department presents

Ben Goldfarb ’09
Beaverland: Travels Among Rodents of Unusual Size

Award-winning environmental journalist Ben Goldfarb ’09 will discuss his book *Eager: The Surprising, Secret Life of Beavers and Why They Matter*, explore trends in ecological restoration and wildlife conservation, and talk about turning science writing into a career.

**Wednesday, March 6 at 5:00 PM**
Science Center, Kirkpatrick Lecture Hall (Room A011)

Ben Goldfarb ’09 is an environmental journalist whose work has appeared in *Science, Mother Jones, the Guardian, the Washington Post, and many other publications*. He is the author of *Eager: The Surprising, Secret Life of Beavers and Why They Matter*, a finalist for the 2019 PEN/E.O Wilson Literary Science Writing Award.
