

Geology Department Newsletter

February 13, 2023

News from the Geology Department:

Upcoming Events:

- **Mandatory info session TONIGHT @ 7:00 in BEBU107 (Paino) for the [Geology Department trip to Tenerife, Canary Islands Spain!](#)**
- Mark your calendar **TGiRx starts on Friday, February 24** at 1:00 PM in BEBU100.

News from the College:

- **On Tuesday February 14 at 4:30 PM** join STEM Sibs for "Love the Journey" panel discussion with faculty & staff about their unique journeys at and beyond Amherst: Panelists: Richard Aronson, Brittney Bailey, Michael Elliott, Sheila Jaswal, Angie Tissi-Gassoway, and Jason Williams. Special treats provided: including mammoth cookies with hearts & cupcakes.
- [SURF](#) applications are now open. Deadline: 11:59 pm, Monday, Feb 20 for the 2023 [Summer Undergraduate Research Fellowship \(SURF\)](#). The SURF Program is an 8-week program held on-campus every summer (typically starting in early June). SURF's mission is to provide students with their first immersive research experience.
- Ivy Haight '25, the podcast director for the Amherst STEM Network, recently recorded a podcast interviewing two of her friends who did SURF last summer (Ruth and Lillia, geology and physics, respectively). The podcast is on spotify, apple podcasts, and the Amherst STEM Network website. It's about 15 minutes long. They discuss what they researched, why they decided to participate in SURF, advice they have for students considering SURF, and what Amherst is like over the summer. Internships, Opportunities and Graduate School

- [The EarthScope Student Careers Internship Program](#), formerly known as USIP, offers unique real-world work experience for undergraduate and graduate students related to the interns' academic and career goals. Each intern is an integral member of the team and plays an important role by contributing their knowledge, skills, and abilities to specific projects at EarthScope. [Positions available for summer 2023](#): Data Science Intern, OpenTopography Data Science Intern, Field Engineer Intern, Science Communication Intern and Education and Student Resources Intern. APPLY NOW - Deadline March 1, 2023
- [Society of Women in Marine Science](#) is hosting a Storytelling Workshop on Thursday, February 16 at 12:00 PM ET with Karen Romano Young! A writer, artist, and ocean explorer, Karen does communications from the field with ocean scientists and will help us cultivate our own science stories based on our research. [Reserve your spot](#).
- Geology Department [Opportunity and Resources](#).
- Office of Sustainability [opportunities database](#).
