Construction of Greenway Residence Halls

Notification Date: March 3, 2015

AREAS IMPACTED: Residence Hall Construction

Description of Impact:
Starting Monday, March 9th, construction for the Greenway Residence Halls will begin. The project consists of over 100,000 SF of building and over 7 acres of landscape work. Please expect increased road traffic along East Drive and Merrill Science Drive. There will be large trucks and heavy equipment accessing the site on a daily basis.

Please use caution when crossing the street near the construction entrance gate at the project site.

Any temporary road or parking closures will be notified separately as the work occurs.

Start Date: Monday, March 9, 2015
Completion: Fall 2016

Your cooperation is greatly appreciated.
If you have any questions please call the Service Center, X-2254.
