INTERNSHIP SEEKING IN STEM

Monday, December 5 7:00-8:00 pm Lipton Lecture Hall (Room E110)

Join Carolyn Margolin and the STEM Sibs for an introduction to the world of STEM Internships!

The event combines a mini-workshop on finding summer opportunities and crafting competitive applications with a student panel providing insight into the intern experience.

The session will be followed by a hot cocoa bar to kick off the winter season!
