Hello from Amherst,

I hope you’re recovering from the end of the fiscal year. We know it’s a little frantic, and we appreciate your hanging in there with us!

Now that the dust has settled and last minute gifts have been counted, we can share that with your help the Annual Fund raised $10.3 million for the College. This exceeded our $10 million goal, and means so much to the talented students and dedicated staff and faculty who make the campus community what it is. Thank you for your part in this because we’re not Amherst without you!
What is also terrific is the fact that 11,103 alumni made a gift to Amherst this year. This puts us over 50% participation, and although we are about 400 donors short of our 52% participation goal, we still feel incredibly grateful to you for those results. Ending a fiscal year on a weekend (and one that a lot of people started vacation!) was challenging, but we feel proud of our outreach, and I hope you do too!

Finally, please know how grateful we are for your hard work, endless energy, and all your time and attention during a busy time of year. Your dedication, and making Amherst a priority is something we understand and try to honor in everything we do here. On behalf of the Annual Fund team and the College, thank you!

Go Amherst!

Best,
Traci

**End of Year Wrap-up**

Class Managers will be in touch with Class Agents shortly (if they haven’t already) with your class results, as well as a sample draft of a thank-you letter to your class. Thank you for helping us to wrap up this year!

---

**FY19 Plans**

Later this summer, Class Agents will hear from Class Managers again to update your volunteer teams and your class assignments. But we can worry about that later—for now, enjoy the summer!
