PROJECT NOTIFICATION

HVAC WORK-PRATT POOL CLOSURE

Date Issued:  April 20, 2015

AREAS IMPACTED:  Pratt Pool

General description of impact:

The infrastructure supporting Pratt Pool is well beyond its design life and needs to addressed. A project has been approved to make numerous improvements to the pool facility, including replacement and enhancement of the ventilation system, modifications to the water filtration system, lighting upgrades, replacement of the ceiling and windows and renewal of interior finishes. The project will result in a more reliable mechanical system, better environmental conditions, energy savings and general upgrade of the interior spaces. This will however, will necessitate closure of the facility for the duration of the work.

Start Date:  Monday, May 4th
Completion:  Middle of August

Your cooperation is greatly appreciated.
