UPDATE - Summer Paving Project

Re-issue Date: June 28, 2019

Description of Work & Impact

This summer there will be paving projects to improve parking and accessibility for the Quadrangle, Upper Barrett Hill Drive and Webster Circle. This work began on June 6th immediately following Alumni Reunion and will continue through August 23rd.

Quadrangle and Upper Barrett Hill Drive:
On June 28th - July 15th, the Quad and Upper Barrett Hill Drive will be accessible to all traffic and all parking however the road will consist of gravel in some areas. From July 15th – July 26th the southern section of the Quad will be closed while the northern section (in front of Frost library) will be two-way traffic with no parking. (Please see image A.) Beginning on July 29th - August 8th, the Quad and Upper Barrett Hill Drive will be closed to all traffic and parking during the day. Evenings, weekends and other nonworking hours the roads will be open (with some exceptions at the end of the period) to through traffic but no parking will be permitted. Pedestrians will be able to walk on the grass and on sidewalks at all times. This work is weather dependent and some measure of deviation should be expected.

Webster Circle:
Paving work will continue through August 23rd for Webster Circle. It will be closed to all traffic and parking during the day. Evenings, weekends and other nonworking hours the roads will be open to through traffic (with some exceptions at the end of the period) but no parking will be permitted. Pedestrians will be able to walk on the grass and on sidewalks. However, the sidewalk behind Valentine and Grosvenor will be closed for the duration. (Please see image B.) This work is weather dependent and some measure of deviation should be expected.

Accessibility Impact: Most entrances to buildings will remain accessible. The wheel chair accessible entrance to Arms Music will be unavailable to anyone in a wheel chair from June 24th to July 2nd.
Date of Work: June 28 – August 23, 2019
