PROJECT NOTIFICATION

JOHNSON CHAPEL
Trim and Ceiling Work

Date Issued: February 4, 2016

AREAS IMPACTED: Johnson Chapel

General description of impact: Contractors will be working on the archway at the intersection of the first floor hallways. As the work will cause dust and some noise, care will be taken to both protect the areas and minimize the impact.

Due to the central location of the work, access to the building from the main (west) entrance will be limited at times by the workers presence. At these times, access to the building will best be gained through the north, east or south door entrances. Offices 110, 111, 112 as well as the kitchenette will remain accessible via the west door at all times.

Start Date: Friday, February 5, 2016
End Date: To Be Determined
Time: (7:00AM - 3:30 PM)

Your cooperation is greatly appreciated.
If you have any questions please call the Service Center, x2254.
