## WAIT LIST

If your name appear on the list *below*, I will contact you if a space opens up before the end of Add/Drop. If that happens, please respond immediately. If I do not hear from you within 12 hours, I may move on to another student. However, if I do not contact you, and you have already registered for the course, you must DROP it before the end of Add/Drop on Wednesday.

If you do not take the course this semester, I hope you will have the opportunity to do so in the future. If you were in class today, you will be given additional priority in the future (if you remind me to do so when the time comes).

The order of the list was determined by soonest expected graduation year, with Amherst students first, and those who only contacted me electronically last in each group. A random number generator was used to determine the order of others within each group.
